Internship

Professional experience is invaluable and that is a fact, especially for the hospitality industry. Having over one year of work experience at the point of your graduation gives you a massive advantage compared to other graduates who have limited or no experience, making you a top choice for employers.

All internships take place at four and five star ranked properties.

Financial wise all internships have been designed by the school and negotiated with the Host Companies in an effort to maximize compensation. This way, students can cover tuition costs with their internships' earnings.
